

Abilene Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

As a part of our closing of courses pursuant to the adoption of new course MATH 371 and MATH 473 we overlooked the inclusion of MATH 334 and 432 in the Mathematics Minor. We need to swap MATH 371 and MATH 473 for these two courses in the minor (documentation included).

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
