Course Number: DET 330 **or Degree Plan(s):**

* Change the course title to "Animation II"- course title change is to move the animation courses to alignment with the industry, which now uses a hybrid technique of both 2D & 3D animation. This will allow more depth and moves us towards being able to eventually offering a minor in animation.

* New Description:

Continues the study of animation principles introduced in Animation I, with an expanded focus on applying those concepts to more complex motion and performance. Emphasis is placed on refining movement, developing believable animated actions, and applying animation techniques within both real-time and linear media contexts.

* Change the prerequisite from DET 220 to DET 230

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs

must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
