

Abilene Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

Course Number: MATH 187 or Degree Plan(s):

To better serve our new Data Science program we are redesigning MATH 187. We feel the course is better positioned as a sophomore course with significantly changed course outcomes, so we are proposing to close MATH 187 and replace it with MATH 278.

30.	Comprehensive revision of General Education Requirements	-	-	-	-	A	A	A	A	I

Notes

² Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

³ For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

⁴ When a department/school or dean proposes closing a program, approval routing follows the typical process beginning with the department/school. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.

Re: Dropping Math 187

The School of Information Technology and Computing is ok with dropping Math 187.

We currently list it as required in some of our programs, but will change those requirements to Math 278.

Brent Reeves

Director School of Information Technology and Computing
