

OUR PROMISE

ACU is a vibrant, innovative, Christ-centered community that engages students in authentic spiritual and intellectual growth, equipping them to make a real difference in the world.

ABILENE CHRISTIAN UNIVERSITY

2010-11 Catalog

Undergraduate and Graduate Degrees

Associate of Arts	AA
Bachelor of Arts	BA
Bachelor of Applied Studies	BAS
Bachelor of Science	BS
Bachelor of Business Administration	BBA
Bachelor of Fine Arts	BFA
Bachelor of Music	BM
Bachelor of Science in Nursing	BSN
Certificate Program	Cer
Doctor of Ministry	DMin
Master of Arts	MA
Master of Accountancy	MAcc
Master of Arts in Christian Ministry	MACM
Master of Arts in Missions	MAMI
Master of Divinity	MDiv
Master of Education	MEd
Master of Liberal Arts	MLA
Master of Marriage and Family Therapy	MMFT
Master of Science	MS
Master of Science in Nursing	MSN

General Education Requirements for all Bachelor's Degrees

General Education Requirements (University and Degree Core requirements), except advanced courses, should be completed by the end of the sophomore year.

University Core Requirements*

<i>Some courses may not be taken for university core credit (see course description)</i>	Required Credit
Bible BIBL 101 - Life and Teachings of Jesus BIBL 102 - Acts-Revelations BIBL 211 - Message of the Old Testament BIBL 212 - Christianity in Culture Adv. course (300-499): BGRK, BHEB, BIBD, BIBH, BIBL, BIBM, BMIS**	15
English Composition: ENGL 111 - Composition and Rhetoric <i>or</i> ENGL 106/006 <i>and</i> 107/007 Sophomore Literature (includes literature in foreign language)	6
Speech COMS 111 - Fundamentals of Communication	3
History HIST 100-299 selection	3
Science (select two 100-499 courses in different areas) AENV 130 - Environmental and Technological Science ANSC 111 - General Animal Science ANSC 235 - Companion Animal Management Biology Chemistry	6

ENVR 112 - Plant Science GEOL 111 - Introduction to Geology NUTR 120 - Nutrition and Wellness Physics	
Mathematics MATH 120, MATH 123, MATW 120/020 or higher (except MATH 147)	3
Exercise Science EXSC 100 - Lifetime Wellness (activity) EXSC activity - 3 different activities	4
University Seminar UNIV 100 - University Seminar (required of all students matriculating from high school or transfers with fewer than 22 hours toward an ACU degree)	1
Total University Core Hours	41

**Some majors specify courses for certain core requirements. (See major degree plan for specifications).*

***BSN waives advanced Bible.*

Freshmen must enroll in classes in Bible, English, EXSC (including EXSC 100) and University Seminar unless they have completed requirements in these areas. Freshmen must enroll in EXSC 100, Lifetime Wellness, in their first fall or spring semester. Students may wait until their sophomore year to begin literature requirements.

*Each semester, students must register in required developmental (ENGL and MATW 0**) courses until all developmental requirements are completed. Students must complete these requirements before registering for upper-level courses in their major field.*

ADDITIONAL REQUIREMENTS BASED ON HIGH SCHOOL SCIENCE AND FOREIGN LANGUAGE

Science: If lacking two years of High school science in different areas: 3 hours of college science required (in an area other than high school area), unless ACT science subscore is 27 or higher.

Foreign Language: If lacking two years of high school language (one language): 6 hours of college foreign language required (one language).

Degree Core Requirements

Majors: Art (BFA)

Graphic Design/Advertising (BA)
Interior Design (BS)
Pre-Architecture (AA)

Minor: Art

Introduction

The Department of Art and Design offers BFA, BA, BS and AA degrees. The Bachelor of Fine Arts degree is available in these areas of concentration: all-level teaching, graphic design, two-dimensional studio or three-dimensional studio. The Bachelor of Arts degree is available in art/marketing, graphic design/advertising. The Council for Interior Design Accreditation (formerly FIDER) accredited Bachelor of Science degree is available in interior design. The Associate of Arts degree is available in pre-architecture. A minor in art may be added to other majors. The department owes its outstanding reputation to its faculty, its facilities and its students.

The versatile faculty is made up of award-winning artists, artists that actively produce and exhibit their creative work, artists that are leaders in their various fields of discipline. These artists are also superb educators, educators that love to teach because they love what they teach, educators that teach by what they say and by what they do, educators that motivate, inspire and nurture, educators that become true mentors to their students.

These artist/teachers believe that art is important, that art makes a difference in this world, that art makes this world a better place, a more beautiful place, a more livable place. They are convinced that this world needs more than just artists; it needs Christian artists, artists that via their talent and various forms of creative expression can reflect a dimension of the very nature of God, God as Creator.

This faculty also believes that skills are important, that skills can be taught and that they can be learned. They believe that the most important skills for the art and design student, and any artist, transcend the newest technologies, media and processes. They believe that these most important skills are found in the ability to think creatively, to find creative solutions to difficult problems, to courageously accept challenges and to overcome them. These are the abilities and skills that the faculty of the Department of Art and Design believes are most necessary to become leaders rather than followers, to become the next generation of gifted creative artists, designers and educators, to

become art professionals in the ever-growing number of art and art-related careers of the 21st century.

ACU art and design students and the art/design faculty enjoy the advantages of a spacious, well-equipped facility in the Alice Pratt Brown Art Hall, consisting of large functional studios, high-tech computer labs and specialized classroom spaces. The complex includes the Clover Virginia Shore Art Gallery, the heart of the department, an elegant showcase for the works of nationally recognized artists and of our students. The computer lab is state-of-the-art, providing the technology to meet the needs of the continually evolving, and expanding, areas of digital design. Private and semi-private studio spaces are provided on a competitive basis for our advanced students. In the three-dimensional areas, our students have access to the latest equipment and technologies: kilns, specialized welders and cutters, a well-equipped metal casting foundry, and pneumatic tools for the working of metals and the carving of stone and wood. The department wood shop is used for everything from the construction of frames upon which to stretch canvas, to the building of chairs for a three-dimensional design project, to a creative book-binding project for a graphic design course. Art is there to be seen; in the offices, in the classrooms and in the hallways, art is on display. Outside in the sculpture courtyard and throughout the landscaped campus, art is visible.

Art and design graduates may pursue specialized post-graduate degrees in areas of interest such as architecture, interior design, industrial design, art therapy, arts administration, animation, illustration, painting, sculpture, etc. Those earning their MFA, the terminal degree in studio art, are eligible to teach art in colleges and universities. And with the proper certification, ACU art and design graduates become educators in elementary and secondary education. ACU art and design graduates work in galleries and in museums as directors and administrators. They work as interior designers, space planners, architects, set designers, as animators, as book illustrators and as graphic designers. They work in advertising as art directors and as creative consultants. Graduates of the Department of Art and Design become full-time creative artists that are supported by their gallery sales and commissions.

Graduates of the ACU Department of Art and Design also enjoy productive careers in many non-art related fields as well in every aspect of our society. In their respected vocations they may not always use paint and an artist's brush, but they do use what they learned as art and design majors, to use their minds as a creative tool, whatever the application. For no brush is finer, no stone chisel is sharper and no ink flows more effortlessly than the keen and attentive mind, the spirit of the artist.

General Departmental Requirements

Admission Requirements

Before being admitted to a program, a student must satisfy the requirements listed in the *ACT/SAT Placement Information* section of this catalog (page 18).

Scholarships

A limited number of departmental scholarships, based upon evidence of ability, quality of work, and/or need are available each year. Contact the department for applications.

Transfer Students

The transfer student receives credit for art/design courses completed at another college according to a routine evaluation made by the Registrar's Office. Since a student's courses vary greatly among schools, exact place in the ACU program can be determined only after he or she has demonstrated, in actual class work, an adequate level of performance commensurate with current classification. Credit hours transferred toward a degree in art or design shall not exceed one half of the credit hours within the major. A minimum of 24 hours of the total advanced hours in studio areas required for the BFA must be done at ACU.

Art and Design Events

All art and design majors are required to attend art related events each semester. These may include but are not restricted to: gallery openings and receptions, artist lectures and presentations, and visits to major museums and exhibitions.

Student Exhibitions

All art and design majors are required to prepare and submit work for a senior show and enter all department sponsored student competitions for which they are eligible.

Permanent Collection

The art/design faculty reserves the right to make selections from current work each year to add to a permanent collection of outstanding student work that is used in public exhibitions. All work done as a part of class work by regularly enrolled students is the property of the department until released, and the department reserves the right to exhibit or to reproduce such work in publications of the university.

Study Abroad Expectations

All art and design majors are expected and encouraged to participate in ACU's Study Abroad program. Classes may be offered in art appreciation, art history, special topics courses and selected studio areas.

Course Availability

Students should be advised that some listed courses are not offered every semester. Prior to the first class meeting, the department reserves the right to remove non-art/design majors from an art or design course that is full and needed by an art/design major.

Audits

With department head approval, audits are allowed in studio courses with no tuition discount. Audit fees for lecture courses are one-half tuition.

Studio Time

For each studio course meeting 6 hours per week, the student will be expected to devote a minimum of three additional hours of outside class time per week to class assignments.

Bachelor of Fine Arts Degree (BFA)

The BFA is a studio intense course of study designed for students with a strong commitment to a professional future as graphic designers, studio artists or artist/teachers. The student may, according to his or her interests and career goals, select a major concentration from the areas of all-level teaching certification, graphic design, two-dimensional studio (drawing, painting, illustration and printmaking) or three-dimensional studio (sculpture, ceramics, and jewelry/metals). Those who select the BFA degree plan are expected to exhibit a high level of competence and motivation. Post-graduate or graduate study should be a part of the future plans of the student pursuing a career in art. Those with the goal of becoming college studio art instructors should plan on graduate study terminating in the Master of Fine Arts degree.

Admissions Requirements

Prior to admittance in a program, a student must satisfy the requirements listed in the *ACT/SAT Placement Information* section of this catalog (page 18).

INTERIOR DESIGN (BS)

The Council for Interior Design Accreditation (formerly FIDER) accredited Bachelor of Science degree in interior design prepares students for careers in business, industry, retail, research or graduate study. The curriculum is designed for those interested in how technical and aesthetic aspects of interior design affect a diversity of populations in residential and non-residential environments. The curriculum prepares students with unique problem solving techniques to creatively plan and design environments that protect the health, safety and welfare of building occupants.

PRE-ARCHITECTURE (AA)

The Associate of Arts degree is a 69-hour, two-year program of study designed for students that have an interest in architecture. Upon completion of this degree, students wishing to pursue a career in this discipline should expect to either complete their architectural training at another university or complete a bachelor's at ACU in a related major with the expectation of some required leveling work prior to acceptance in a graduate level architecture program. The curriculum is designed for those interested in how technical and aesthetic aspects of architectural design affect a diversity of populations in a variety of contexts. The foundational curriculum prepares students with essential architectural design problem solving techniques and skills.
