

Memorandum of Clarification

To: CGPS Academic Council

From: Beckie Weaver, Ph.D., Scott Self, Ph.D.,

Date: 1/24/22

Subject: Name of Communication Sciences and Disorders Program

The purpose of this memorandum is to clarify the name of the undergraduate Communication Sciences and Disorders (program code CMDO) program at ACU Dallas. It is correctly identified by that name in the catalog, but it has been variously referred to as “Communication Disorders” or “Communication Disorders Program” in several documents, including in CGPS Council documents at the time of the program’s approval.
