A = Approve      I = Information Item      R = Advise & Respond

**Course Number:** MFTO 670 \*note: this course is not currently running      **or Degree Plan(s):**

The Student Learning Outcome currently mapped in this course is *SLO 1.5 Describe sufficient understanding of relevant biomedical issues, language, culture, various disciplines, and providers in healthcare systems.*

In the Summer 2 meeting on 7/12/22, the MFTO Curriculum Committee reviewed the program goals and student learning outcomes and determined that SLO 1.5 should be removed given it is too specific. Additionally, the existing SLOs in the course sufficiently address the content.

The proposal is to remove SLO 1.5 from MFTO 670 and the existing SLOs will remain unchanged:

*2.4 Systematically integrate client reports, observations of client behaviors, client relationship patterns, reports from other professionals, results from testing procedures, and interactions with client to guide the assessment process.*

*3.3 Integrate client feedback, assessment, contextual information, and diagnosis with treatment goals and plan.*

*6.2: Understand the process of making an ethical decision and recognize dilemmas in which ethics, laws, and professional liability apply.*

Highlight the item that corresponds to the requested change.
