## M.Ed. Instruction and Learning Program

### MEMORANDUM

**Date:** September 15, 2022  
**To:** ACU CGPS Academic Council  
**From:** Dr. Alline Sada  
**Re:** Course level student learning outcomes for EDUO 684

Because the CORE courses for the MEd for Instruction and Learning are rather old, there are not updated course-level student learning outcomes. This memo is to document the associated course-level student learning outcomes for the course:

| Student Learning Outcome                                                                          |
|---------------------------------------------------------------------------------------------------|
| Students will be able to evaluate current legal requirements for special populations of students. |
| Students will be able to apply Universal Design for Learning (UDL) principles.                    |
| Students will be able to design instruction to meet student needs.                                |
| Students will be able to reflect on personal and professional bias related to class and poverty.  |
|                                                                                                   |
