Course Number: **or Degree Plan(s): BS Cybersecurity**

ITA 121 PC Service and Support 1 This course concentrates on the fundamentals of computer hardware. Students will be able to describe the internal components of a computer, assemble a computer system, and troubleshoot using system tools and diagnostic software. Students will also learn to connect to the Internet and share resources in a network environment.

Highlight the item that corresponds to the requested change.

Application for a New Course v10.7

Discard instructional pages A-C before submitting application. Consult with the program director and dean before changing responses in red type.

Course ID (<i>Subject and Number</i>)	ITA 121
---	---------

I. Systems and Catalog Information Complete each item.

1	Course Developer	Dr. Joe Feliciano
2	Course Instructor	BSITA faculty
3	Course Title	PC Service and Support 1
4	Course Abbreviation for Banner if title is more than 30 characters	
5	College	College of Graduate and Professional Studies
6	Department or School	School of Professional Studies
7	Number of Credit Hours	3
8a.	Number of contact hours – lecture	3
8b.	Number of contact hours – lab/activity	0
9	Is the course for a fixed or variable number of credit hours?	Fixed
10	Explanation for variable credit	N/A
11	Is the course repeatable for additional credit?	no
12	Maximum total number of credit hours a student can earn for this course	3
13	What type of course is this? (Select one option. Please see Schedule Type definitions on Page C.)	☒ Traditional lecture ☐ Traditional lab ☐ Traditional lecture/lab ☐ Experiential Learning ☐ Seminar ☐ Studio ☐ Thesis ☐ Dissertation

14	Number of faculty workload hours	3
15	Grade Mode	☒ Standard __Credit/No Credit (undergrad only)
16	Maximum Enrollment	20
17	Catalog Description (50 words or less)	This course concentrates on the fundamentals of computer hardware. Students will be able to describe the internal components of a computer, assemble a computer system, and troubleshoot using system tools and diagnostic software. Students will also learn to connect to the Internet and share resources in a network environment.
18	List any prerequisites (course/s, test scores, class standing, major, etc.)	None
19	List any corequisites (these <i>must</i> be taken at the same time; note that a single requirement cannot be both a prerequisite <i>and</i> a corequisite)	
20	If the course is cross-listed, specify the Course ID(s)	N/A
21	Does this course require any additional student course fees?	☒ No __Yes If yes, attach a completed "Request to Add or Change Course Fees" form. Describe in section IV-7.
22a	Will the course be offered in fall terms?	__No ☒ Yes If yes: all, even, or odd years?
22b	Will the course be offered in spring terms?	__No ☒ Yes If yes: all, even, or odd years?
22c	Will the course be offered in summer terms?	__No ☒ Yes If yes: all, even, or odd years?
23	First semester this course will be offered under new Course ID. <i>May not be earlier than two parts of the term in the future.</i>	Fall 2 2023
24	Is this course required for a degree/s?	__No ☒ Yes

		If yes, attach a revised degree plan(s) reflecting the placement of the new course.
25	Should the addition of this course be retroactively applied to the degree plan it supports? <i>This is rare, and rationale should explain compelling extenuating circumstances.</i>	☒ No ☐ Yes If yes, provide rationale:
26	Has this course been offered as a Special Topics course? <i>New courses are not required to be taught as Special Topics courses prior to approval.</i>	☒ No ☐ Yes If yes, provide course ID, term, and enrollment:
27	List any courses in which the content overlaps the proposed course. (Course ID and Name) <i>Attach a statement from the instructor/dept chair of the existing course justifying the new offering in Section IV-4.</i>	

II. Curriculum

- A. The new Cybersecurity degree has two hardware components. All students will be required to take two computer hardware courses. This is the first course in the series. The second course is ITA 122 PC Service and Support 2. This course can also be used to bolster the hardware and operating system component of the BSITA program.

III. Course Design

The goal of this course is to teach students the fundamentals of computer hardware and operating systems which is important for cybersecurity professionals as well as IT professionals. This is a versatile course that will serve students entering the IT and cybersecurity fields. It is recommended that students take ITA 110 which orients students to the general areas of IT such as hardware, programming, networking, and database but as this is a fundamentals course students would be able to take the course without any prerequisite if necessary.

- A. Audience and Course Goal
1. Describe the intended audience, including prerequisite skills.
 2. State the overarching course goal(s) in performance terms.
- B. Student Learning Outcomes and Measurements

	Student Learning Outcomes	Measurement
1	Safely disassemble and reassemble desktop and laptop computers while being able to identify major component functionality and compatibility.	Weekly discussion board posts, written and objective quizzes
2	Implement PC troubleshooting strategies	Weekly discussion board posts, written and objective quizzes and exams.
3	Configure and troubleshoot network nodes and services such as, but not limited to, mobile devices, printers, hypervisors, virtual machines, and cloud computing services.	Weekly discussion board posts, written and objective quizzes and exams.
4	Install and troubleshoot technologies used for data storage.	Weekly discussion board posts, written and objective quizzes and exams.
5	Configure and troubleshoot secure computer networks	Weekly discussion board posts, written and objective quizzes and exams.

IV. Supporting Documentation

Required of all applications	
1	Approval Chart for Curriculum Changes
2	Syllabus — Attach the syllabus for the course based upon the anticipated first-semester offering.
3	Library — Submit new course application and syllabus to the Library dean's office. Attach the Library's provisional memo of support.
Attach if applicable	
4	Content Overlap — Include one document for each course you listed in Section I-28. Attach statement from instructor/dept chair of existing course justifying the new offering.
5	Program Resources — List the resources that support the course and are available only through the program, if applicable. Attach the list of the holdings and the location/s.
6	Resources — List resources (other than library or program resources) that are needed to support this course (computers, lab equipment, other technology, etc.). Attach a complete list of all items and indicate possible sources or estimated cost of each. List the sources of any needed funds.
7	Expenses — List additional expenses needed to implement this course (full-time or part-time faculty, graduate or lab assistants, student employees, travel, special student costs, room renovation, storage facility, etc.). Attach a complete list of all items, the estimated cost of each and the source of the funds.
8	Justification — Attach any documents to which you refer in Section II-B.

Mission Statements

University Mission Statement

The mission of Abilene Christian University (ACU) is to educate its students for Christian service and leadership throughout the world.

This mission is achieved through the following:

- Exemplary teaching, offered by a faculty of Christian scholars, that inspires a commitment to learning;
- Significant research, grounded in the university's disciplines of study, that informs issues of importance to the academy, church, and society; and
- Meaningful service to society, the academic disciplines, the university, and the church, expressed in various ways, by all segments of the Abilene Christian University community.

College Mission Statement

The mission of the College of Graduate and Professional Studies (CGPS) is to prepare students for Christian service and leadership by providing them with the knowledge and skills to advance their careers, thereby placing them in positions of influence for the expansion of God's purposes in the world.

Program Mission Statement

The mission of the Bachelor of Science in Cybersecurity is to equip students to secure digital infrastructures with a set of professional skills that provides opportunities to offer Christian service and leadership in their careers and communities.

Integration of Christian Faith

Within the College of Graduate and Professional Studies, faith integration is the intentional and comprehensive focus on the intersection of faith, education, and context. Students will engage in theological reflection and lived practice as they pursue their academic discipline resulting in a more grounded understanding of their identity, relationship to the world, and connection to the life and mission of God.

Course Description

This course concentrates on the fundamentals of computer hardware. Students will be able to describe the internal components of a computer, assemble a computer system, and troubleshoot using system tools and diagnostic software. Students will also learn to connect to the Internet and share resources in a network environment.

Program and Student Learning Outcomes

Student Learning Outcomes	Measurement
---------------------------	-------------

1	Safely disassemble and reassemble desktop and laptop computers while being able to identify major component functionality and compatibility.	Assignments and Discussion
2	Implement PC troubleshooting strategies	Assignments and Discussion
3	Configure and troubleshoot network nodes and services such as, but not limited to, mobile devices, printers, hypervisors, virtual machines, and cloud computing services.	Assignments and Discussion
4	Install and troubleshoot technologies used for data storage.	Assignments and Discussion
5	Configure and troubleshoot secure computer networks	Assignments and Discussion

Course Materials

COMPTIA A Guide to Information Technology Technical Support 11th Edition

Course Requirements

The requirements for this course include participating in online discussions and completing all of the assignments. General descriptions of the course requirements are below. See the Canvas modules for detailed assignment instructions.

Discussion Questions

In order to actively participate in discussions, you will need to log in multiple days each week. This will help you stay up-to-date on the discussions and allow you to make more thoughtful postings. You are expected to answer all of the discussion questions assigned in a week in a substantive manner. All initial postings and responses will be due by 11:59 pm CST by the due date indicated in Canvas. No late posting will be accepted.

Weekly Assignments

Note: the full assignment description, due date and instructions for each are found in the Modules section in your online classroom (Canvas). Please pay careful attention to the instructions provided and the rubrics for each assignment.

Course Policies

Note: Please see the Canvas course for information on the faculty as well as all due dates.

Engaged Learning in an Online Format

This online course invites students into a community of engaged scholarship. The course consists of seven weekly modules, with a new module beginning each Tuesday morning in the Canvas LMS (Learning Management System). We expect students to log in to the course frequently, master the course material, whether written or in other digital media formats, and to engage the professor and fellow students through the Canvas medium.

Note: If a student fails to log in the course for the first 7 days of the official course, the student will receive an email notifying them that they are at risk to be administratively withdrawn from the course. The student will have 72 hours to log into the course from that email notification. If the student does not log into the course in that period of time, they will be administratively withdrawn. The last day to withdraw from a course is the Wednesday before the last week of class. Please reference the

handbook calendar for a full list of dates. If a student has not participated in the course at any point, before the last week of class the student will be administratively withdrawn. An assignment is defined as a paper, quiz, discussion post, or project in the course. If a life situation occurs that will prevent the student from participating in the course for a brief period of time, the student is responsible for communicating this to their Student Service Advisor and/ or New Student Ambassador, and instructor to make appropriate arrangements.

Technology Requirements

Students should ensure they meet the technology requirements as outlined in the ACU Online Student Handbook.

Paper Specifics

In this course, specific instructions for each paper are given in the assignment directions. Please pay attention to the instructions given, such as the number of resources needed and how to cite sources.

Papers should be submitted through the Canvas submission portal as a .docx, .doc, or .pdf files, no email submissions will be accepted. All papers should be neat, contain no misspellings, contain no typing errors, and employ proper grammar and syntax. If your paper contains pervasive grammatical errors, the professor may return the paper without grading it and ask for a rewrite for a maximum grade of 80%. Your faculty will determine the date for submission of the revised paper.

Late Assignments

Assignments are due by 11:59 pm Central Standard time on the due date. Refer to the Canvas Syllabus link or the Canvas Modules link for a list of all due dates. Penalty for late assignments is 10% per calendar day late. Weekend days are counted as late days. For administrative purposes, a zero will be placed in the gradebook for work not submitted on time. If an assignment is submitted after the zero is given or if an arrangement for late submission has been made with the instructor, the noted penalty percentage will be used to re-assess the assignment (removing the zero). Extensions are allowed at the discretion of the instructor and/or Program Director. No credit will be awarded for late discussion posts. Extra credit will not be available in this course.

Academic Integrity

Academic Integrity is defined as academic work completed as assigned for each class by the individual or group responsible for the work. Academic work includes but is not limited to reading assignments, assessments and examinations, attendance at required out-of-class activities, written or oral presentations, laboratory experiments and research. Assignments may or may not be submitted through the TurnItIn plagiarism checker.

The Academic Integrity and Honesty Policy is available on the ACU Provost's Office [webpage](https://cdn01.acu.edu/community/offices/administrative/office-of-the-provost/academic-integrity-policy/expanded-definitions-and-advice.html) (<https://cdn01.acu.edu/community/offices/administrative/office-of-the-provost/academic-integrity-policy/expanded-definitions-and-advice.html>), where you may find detailed information regarding what constitutes academic dishonesty and resultant disciplinary actions. The student should seek clarification from the instructor regarding the re-use of work, as this may or may not be appropriate and is dependent on the assignment. Academic dishonesty may have, but not be limited to, the following consequences:

- losing points on an assignment.
- failing an assignment.
- failing a course.
- having a record of improper conduct in the dean's office which oversees the course in which the infraction was made.
- being dismissed from the university.

The process and timeline for appeals can be found on the ACU Provost's Office webpage.

Academic Integrity Violation Process for Discussions Boards

In cases where a student posts an initial blank post and then proceeds to post a second time to the discussion with their answer to the discussion prompt, the following discipline processes will be followed:

1st Violation of Blank Post in a Course - "0" on discussion portion (not reply portion) and the instructor will issue a written warning that the second violation will be considered an Academic Integrity violation.

2nd Violation of Blank Post in Same Course - "0" on discussion portion and the student will be reported to the Dean's Office as having conducted an Academic Integrity Violation. See the syllabus for information about the Academic Integrity Violation process and possible consequences.

* ACU Learner Support, Resources, and Services

Anti-Harassment Policy

Harassment will not be tolerated at Abilene Christian University. As a Christian community, Abilene Christian University has committed itself, unequivocally, to ensuring a working and learning environment in which the dignity of every individual is respected. Harassment is defined as unwelcome behavior or conduct based on sex, religion, race, age, color, national origin, veteran's status, disability, or any other characteristic protected by law when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education, or participation in University programs or activities, (2) submission to, or rejection of, such conduct by an individual is used as the basis for a decision affecting an individual's employment, education, or participation in University programs or activities, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive environment for work, education, or participation in a University program or activity. Therefore, it is the purpose of the Anti-Harassment Policy to maintain a work and academic environment that is free of harassment, sexual or otherwise. This policy applies to all members of the ACU community, including trustees, faculty, staff, students, and volunteers at Abilene Christian University. For a more in-depth review of the university's anti-harassment policy, the full definition of harassment, and procedure for reporting, visit: <https://www.acu.edu/dean-of-students/required-legal-statements/anti-harassment-policy/> (<https://www.acu.edu/dean-of-students/required-legal-statements/anti-harassment-policy/>).

ACU Online Student Handbook

The current version can be found [here](#) (https://acuonline.my.salesforce.com/sfc/p/#E0000000cKPT/a/440000006AA9/RWbLcDg6R9gR8DgTJwQdECczCHnjwM1_0WvJs6b4qeY).

ACU Dallas Student Code of Conduct

The ACU Online Student Handbook contains an online student Code of Conduct which describes appropriate and inappropriate forms of electronic communication and online behavior as well as information about student integrity in scholarly work. Students may be dismissed from the university for failing to adhere to the Code of Conduct.

ADA Compliance Statement

Abilene Christian University is dedicated to removing barriers and opening access for students with disabilities in compliance with ADA and Section 504 of the Rehabilitation Act. The Alpha Scholars Program facilitates disability accommodations in cooperation with instructors. In order to receive accommodations, you must be registered with Alpha Scholars Program, and you must complete a specific request for each class in which you need accommodations. If you have a documented disability and wish to discuss academic accommodations, please call our office directly at (325) 674-2667 or alpha@acu.edu.

Library

Abilene Christian University provides library services to online students through the Distance Learning Portal at <http://guides.acu.edu/distance>. Students will use their single sign-on credentials to gain access to the library content. The Distance Learning Portal contains information about citation help, requesting materials, research guides, and degree program specific resources. Video tutorials on how to search the library's resources, including electronic journal titles, are available for students to view at any time. ACU also has dedicated staff that serve our online students, for help with refining topics, including dissertation and final project topics, searching databases, or other library help. To contact the online librarian, please visit <http://guides.acu.edu/c.php?g=824708&p=5887421>. For research assistance, you can visit <http://asklibrary.acu.edu> and submit your question through the web form or get help via text or chat.

Title IX Statement

As a professor, one of my responsibilities is to help create a safe learning environment on our Abilene Christian University Dallas Online campus. I also have a mandatory reporting responsibility related to my role as a professor. It is my goal that you feel safe to share information related to your life experiences in classroom discussions, in your written work, and in our one-on-one meetings. I will seek to keep the information you share private to the greatest extent possible. I am required to share with the Title IX Coordinator information regarding sexual misconduct or harassment, dating or domestic violence, or stalking that occurred while you are or were enrolled as a student at ACU. If you would prefer to share information in a confidential setting, I encourage you to access counseling services through TimelyMD. All of your options are available for review by clicking on the link to ACU's [policy](#).

✓ Grading

Grades are awarded based on point accumulation. Each assignment has a maximum number of points that can be earned by successfully completing the assignment. Partial points will be awarded for meeting some but not all of the standards identified for each project or assignment.

Letter grades correspond to the percentage of points accumulated as outlined in the table below. No extra credit will be given.

Range	Grade Assigned
89.5% - 100%	A
79.5% to <89.5%	B
69.5% to <79.5%	C
59.5% to <69.5%	D
0% to <59.5%	F

DATE: MAY 2, 2023
TO: Dr. Joe Feliciano
FROM: Mark McCallon, Associate Dean for Library Services
RE: New Course Application – ITA 121 – PC Service and Support 1

After reviewing the course application, the Library is able to tentatively support the proposed course. The Library will work with Instructional Design and Subject Matter Experts to provide resources supporting the course. Please contact Melissa Atkinson (melissa.atkinson@acu.edu), if additional library resources are needed for the course. Thank you for the opportunity to evaluate the course application
