Notes

¹ Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

² For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

³ When a program faculty or dean proposes closing a program, approval routing follows the typical process beginning with the program. A proposal by campus academic administration or senior vice president for academic affairs would follow the "proposed by the Senior VPAA" routing on the chart.

Course Requirements

The requirements for this course include participating in online discussions and completing all of the assignments. General descriptions of the course requirements are below. See the Canvas modules for detailed assignment instructions.

Discussion Questions

In order to actively participate in discussions, you will need to log in multiple days each week. This will help you stay up-to-date on the discussions and allow you to make more thoughtful postings. You are expected to answer all of the discussion questions assigned in a week in a substantive manner. All initial postings and responses will be due by 11:59 pm CST by the due date indicated in Canvas. No late posting will be accepted.

Weekly Assignments

Note: the full assignment description, due date and instructions for each are found in the Modules section in your online classroom (Canvas). Please pay careful attention to the instructions provided and the rubrics for each assignment.

Course Policies

Note: Please see the Canvas course for information on the faculty as well as all due dates.

Engaged Learning in an Online Format

This online course invites students into a community of engaged scholarship. The course consists of seven weekly modules, with a new module beginning each Tuesday morning in the Canvas LMS (Learning Management System). We expect students to log in to the course frequently, master the course material, whether written or in other digital media formats, and to engage the professor and fellow students through the Canvas medium.

Note: If a student fails to log in the course for the first 7 days of the official course, the student will receive an email notifying them that they are at risk to be administratively withdrawn from the course. The student will have 72 hours to log into the course from that email notification. If the student does not log into the course in that period of time, they will be administratively withdrawn. The last day to withdraw from a course is the Wednesday before the last week of class. Please reference the handbook calendar for a full list of dates. If a student has not participated in the course at any point, before the last week of class the student will be administratively withdrawn. An assignment is defined as a paper, quiz, discussion post, or project in the course. If a life situation occurs that will prevent the student from participating in the course for a brief period of time, the student is responsible for communicating this to their Student Service Advisor and/ or New Student Ambassador, and instructor to make appropriate arrangements.

Technology Requirements

Students should ensure they meet the technology requirements as outlined in the ACU Online Student Handbook.

Paper Specifics

In this course, specific instructions for each paper are given in the assignment directions. Please pay attention to the instructions given, such as the number of resources needed and how to cite sources.

Papers should be submitted through the Canvas submission portal as a .docx, .doc, or .pdf files, no email submissions will be accepted. All papers should be neat, contain no misspellings, contain no typing errors, and employ proper grammar and syntax. If your paper contains pervasive grammatical errors, the professor may return the paper without grading it and ask for a rewrite for a maximum grade of 80%. Your faculty will determine the date for submission of the revised paper.

Late Assignments

Assignments are due by 11:59 pm Central Standard time on the due date. Refer to the Canvas Syllabus link or the Canvas Modules link for a list of all due dates. Penalty for late assignments is 10% per calendar day late. Weekend days are counted as late days. For administrative purposes, a zero will be placed in the gradebook for work not submitted on time. If an assignment is submitted after the zero is given or if an arrangement for late submission has been made with the instructor, the noted penalty

percentage will be used to re-assess the assignment (removing the zero). Extensions are allowed at the discretion of the instructor and/or Program Director. No credit will be awarded for late discussion posts. Extra credit will not be available in this course.

Academic Integrity

Academic Integrity is defined as academic work completed as assigned for each class by the individual or group responsible for the work. Academic work includes but is not limited to reading assignments, assessments and examinations, attendance at required out-of-class activities, written or oral presentations, laboratory experiments and research. Assignments may or may not be submitted through the TurnItIn plagiarism checker.

The Academic Integrity and Honesty Policy is available on the ACU Provost's Office [webpage \(https://cdn01.acu.edu/community/offices/administrative/office-of-the-provost/academic-integrity-policy/expanded-definitions-and-advice.html\)](https://cdn01.acu.edu/community/offices/administrative/office-of-the-provost/academic-integrity-policy/expanded-definitions-and-advice.html), where you may find detailed information regarding what constitutes academic dishonesty and resultant disciplinary actions. The student should seek clarification from the instructor regarding the re-use of work, as this may or may not be appropriate and is dependent on the assignment. Academic dishonesty may have, but not be limited to, the following consequences:

- losing points on an assignment.
- failing an assignment.
- failing a course.
- having a record of improper conduct in the dean's office which oversees the course in which the infraction was made.
- being dismissed from the university.

The process and timeline for appeals can be found on the ACU Provost's Office webpage.

Academic Integrity Violation Process for Discussions Boards

In cases where a student posts an initial blank post and then proceeds to post a second time to the discussion with their answer to the discussion prompt, the following discipline processes will be followed:

1st Violation of Blank Post in a Course - "0" on discussion portion (not reply portion) and the instructor will issue a written warning that the second violation will be considered an Academic Integrity violation.

2nd Violation of Blank Post in Same Course - "0" on discussion portion and the student will be reported to the Dean's Office as having conducted an Academic Integrity Violation. See the syllabus for information about the Academic Integrity Violation process and possible consequences.
