

Dallas Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

Course Number: NURS 731

or Degree Plan(s):

Add prereq to NURS 731. We are working to better embed the DNP Project in the DNP curriculum by including the five chapters of the DNP Project as assignments in five courses. NURS 731 is the course in which students will submit Chapter 5 of their DNP Project, Discussions, Conclusions, and Recommendations. Students need to have completed NURS 752, DNP Project I, before this course in order to be ready to write Chapter 5. Please see Catalog wording change at the end of this document.

Notes

¹ Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

² For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

³ When a program faculty or dean proposes closing a program, approval routing follows the typical process beginning with the program. A proposal by campus academic administration or senior vice president for academic affairs would follow the "proposed by the Senior VPAA" routing on the chart.
