

Dallas Approval Chart for Curriculum Changes

A = Approve I = Information Item R = Respond In Writing

Course Number: _____ **or Degree Plan(s):** MSM program (Fast-Lane option)

The proposal is to increase the admissions requirement for the Fast Lane option from a 3.0 GPA to a 3.25 GPA without the requirement of professional work experience. The current MSM program allows the program director to consider an applicant for admission to be admitted with a GPA of 2.75 if they have 2 years of professional work experience.

The Fast Lane MSM option does not need faculty approval, but it is an option utilizing the same courses and course carousel. The Fast Lane MSM is an option for students to take 2 graduate courses at a time and finish the degree in approximately 12 to 14 months (depending on when the student begins). Students cannot be admitted to the Fast Lane MSM or the regular MSM program through the Conflict Resolution Pathway.

Pre-requisite course requirements will remain: Accounting, Statistics, and Economics, or students may take our boot camps.

We would also add a description of the track to the departmental page in the catalog (see description in following pages).

This proposal comes with the recommendation of the COBA Online Faculty Committee, as well as the Interim Dean of COBA, the Interim Dean of the College of Leadership and Professional Studies, and the ACU Dallas Provost.

See the pages after signatures for catalog changes and charts of the proposed requirements and the regular requirements.

		Program	Dean	Academic Council	Provost
	Campus-Level Academic Review				
	Change to a Course Include signatures from all program directors/chairs for cross-listed courses. ¹

29.	Add or drop a course from a menu within the General Education Requirements	A	A	-	A	-	A	I
30.	Comprehensive revision of General Education Requirements	-	-	-	A	A	A	I

Notes

¹ Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

² For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

³ When a program director or dean proposes closing a program, approval routing follows the typical process beginning with the program. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.

Available Concentrations

Business Analytics

The Business Analytics concentration provides a foundation in problem-solving and data analysis skills by applying descriptive, predictive, and prescriptive models and methods for business decision-making.

General

The general MBA offers a broad base of knowledge in management and the opportunity to take selected courses in areas of interest for your particular career field. The knowledge and skills you learn can be applied to many areas of business management. Specific focus on leadership and decision-making skills are emphasized throughout the program with the opportunity to learn from top faculty and business peers in each course of study.

Healthcare Administration

The Healthcare Administration concentration helps you gain the working knowledge and academic qualifications to lead in the rapidly changing healthcare environment. Through the Healthcare Administration coursework, you will formalize strategic business knowledge while gaining experience in healthcare policies, regulations and understanding patient healthcare needs. You will be prepared to grow in the many opportunities as a leader in the healthcare industry.

International Business

International Business is the future for commerce and business growth. Developing and enhancing leadership skills applicable to administrative roles both domestically and abroad are part of the ever-changing business landscape. The International Business concentration explores the business environment from a global perspective that examines international management, logistics, and multinational business practices.

Marketing

The Marketing concentration provides an in-depth opportunity for you to learn how to develop marketing plans that build on key concepts of consumer-based buying motivations, marketing research exploration of new trends, and integrating communication methods throughout the plan. Additionally, you will utilize technology and analytics to quantify marketing results and understand brand initiatives.

Operations and Supply Chain Management

The Operations and Supply Chain Management concentration provides an understanding of operations which are an integral part of every organization. Through the specific courses, you will learn about project management, operations strategies, lean Six Sigma, inventory management, and the overall importance of supply chain processes. The skills and knowledge gained through this concentration are in demand in every industry.

Fast-Lane MSM

The Fast Lane MSM enrollment option provides students with an accelerated route to complete their degree. By enrolling in two graduate courses during each 7-week term, a student can finish their MSM degree in as little as 12 to 16 months, depending on the student's start date. This intensive option is designed for students who prefer a fast-paced learning experience without compromising educational quality.

Admission Requirements

1. Application for admission with a nonrefundable processing fee.
2. Official transcript(s) in English (or translated to English) of all previous colleges attended. The transcript must indicate an earned bachelor's degree from a regionally accredited college, university, or equivalent.
3. A 3.0 or better cumulative undergraduate GPA. Students with a 2.5-2.99 cumulative undergraduate GPA and quality full-time work experience may be granted probationary admission, with full admission granted after the successful completion of three courses with a 3.0 GPA. **Fast Lane students must have a minimum of 3.25 cumulative GPA. Applicants with a 3.0 to 3.24 GPA may be reviewed for probationary admission.**
4. Two letters of recommendation.
5. Course prerequisites for admission to the program include basic accounting, economics, and statistics.
6. Acknowledgement of the Christian identity of the university and program.
7. Letter of Intent: In a 1-2 page, single-spaced letter addressed to the MS in Management Program Director, please describe your motivation and fit for ACU's MS in Management program.
8. Résumé or CV.

International applicants to the MSM will be required to complete the standard graduate application requirements for all international students applying for an ACU graduate degree, including TOEFL scores and transcript assessment for degrees completed outside of the United States (<http://www.acu.edu/graduate/prospective-students/international/index.html>).
