Notes

¹ Any change to a cross-listed course requires the signature of both department chairs or program directors overseeing the course to ensure that the courses stay in sync. This includes courses taught at other campuses (e.g. BIBL 101 and BIBO 101).

² For undergraduate majors, a minimum of 30 hours is required. These programs must have a minimum of 6 elective hours, unless the requirements of external accrediting bodies make it impossible. Master's programs must include a minimum of 30 hours, and doctoral programs must include a minimum of 30 hours beyond the master's.

³ When a program director or dean proposes closing a program, approval routing follows the typical process beginning with the program. An administrative proposal by the provost or senior vice president for academic affairs would follow the "provost-proposed" routing on the chart.
