EVERYONE IS CREATIVE. INNOVATE FOR A BETTER WORLD.

Learn the skills of Design Thinking to brainstorm, prototype, and develop new ideas, regardless of your background, major, or experience.

ABOUT

The Honors Track in Design Thinking and Innovation is your opportunity to dive deep into the art of creativity, problem-solving, and innovation. This unique program offers a specialized curriculum that will challenge you to think differently and apply your newfound skills to real-world challenges.

HIGHLIGHTS

Fulfill your Honors College requirements while also exploring your interest in Design Thinking and Innovation.

Engaging Courses: Integrate Design Thinking principles into your existing coursework through an Honors Contract.

Interactive Colloquia: Participate in dynamic discussions and collaborate with fellow students and faculty in an Honors colloquium on Design Thinking and Innovation.

Activity Credits: Get hands-on experience through one activity credit that explores your innovative potential.

BENEFITS

Develop Leadership Skills: Learn how to lead teams and collaborate with others who share your passion for creativity and innovation.

Grow in Problem-Solving: Develop critical thinking and creative problem-solving abilities that are valuable in any field.

Prepare for Future Success: Gain a competitive edge in your career by gaining high-demand collaboration, problem-solving, and leadership skills.
