

SOCIAL & ENVIRONMENTAL JUSTICE

In our Social and Environmental Justice Honors Track, we aim to engage proactive thinkers to advocate for and work alongside the most vulnerable to build a more flourishing world.

Together, we will challenge the status quo, striving for a future that embodies justice, environmental stewardship, and belonging for every individual and community.

REQUIREMENTS

1 HONORS COURSE

1 HONORS COLLOQUIUM

1 ACTIVITY CREDIT

YOU CAN MAKE A DIFFERENCE. CREATE A BETTER TOMMOROW.

Cultivate your vision to implement and refine social and environmental justice solutions, regardless of your background or major.

ABOUT

This distinctive program provides a tailored curriculum that will empower you to engage with the pressing issues of our time, fostering a deeper understanding of social justice and environmental stewardship. Through critical exploration and community engagement, you will develop the knowledge and tools needed to promote a more just and sustainable world.

HIGHLIGHTS

Fulfill your Honors College requirements while also exploring your passion for social and environmental justice.

Engaging Courses: Take one approved Honors course or contract in an area related to social and/or environmental justice.

Interactive Colloquia: Participate in dynamic discussions and collaborate with fellow students in a Honors colloquium that explores sustainability and social responsibility.

Activity Credits: Get hands-on experience through one activity credit related to the topic.

BENEFITS

Cultivate Critical Thinking: Engage challenging topics and think critically about complex issues to develop deeper understanding and innovative solutions.

Drives Positive Change: By participating in social and environmental justice efforts, you will become a catalyst for societal transformation.

Strengthen Your Communities: Build a stronger, more resilient community by addressing issues such as poverty, education, and sustainability.
