

KINE 302 Medical Terminology Resources, Expenses, and Content Overlap

Resources:

Computers are available for student use in the Brown Library. The Help Desk is available for students to consult with concerning technology issues.

Departmental Resources:

Classroom space is available in the Gibson Health and PE Center and the Student Recreation and Wellness Center.

Expenses:

There are no additional expenses for the implementation of this course. Existing full-time faculty will teach it.

Content Overlap:

There is no content overlap with other courses.

Justification:

This course is now required by Physical Therapy and Occupational graduate programs in Texas. In order for us to prepare students for those professional programs, we must add this course to the requirements in KNOT and KNPT.
